SC100RARPC, 100 Ton, Aluminum Cylinder Cordless Toolbox Set

Toolbox set for mining maintenance jobs including crawler tensioning. Includes a 100-ton hydraulic cylinder, the XC2 Cordless Hydraulic Pump and essential ancillaries.

Model: SC100RARPC | Series: SCTB | Product Line: Industrial Tools

Everything you need to securely tension the crawler tracks while performing maintenance. The set includes a 100-ton aluminum hydraulic cylinder, the powerful XC2 Cordless Hydraulic Pump, two 54-Volt batteries and charger, two 10-foot hoses, couplers, and a pressure gauge - all supplied in two stacking robust toolboxes for convenient storage.

Each SC100RARPC set contains

- XC2404M Cordless Hydraulic Pump, 2 x batteries and charger*
- GA45GC Gauge & Adaptor Assembly with G2535L Pressure Gauge
- HC7210 10 ft (2x 3/8" NPT) High-Pressure Hoses x 2
- RAR1008 Aluminum Cylinder, 100 tons, 7.81 inch stroke, double-acting
- CR400 Female Half Coupler 3/8" NPT x 1
- CH604 Male Half Coupler 3/8" NPT x 2
- Lockable Toolbox with custom protective foam insert x 2
- *Charger supplied with multiple power cords to enable use in multiple regions

 <p>XC2404M, Cordless Hydraulic Pump, 4/3 Manual Valve, 241 in3 Usable Oil, Batteries and Charger Not Included</p>	 <p>GA45GC, 45 Degree Angled Gauge Adaptor Assembly</p>	 <p>HC7210, 10ft., Thermo-plastic High Pressure Hydraulic Hose, .25 in. Internal Diameter</p>
 <p>RAR1008, 100 ton Capacity, 7.87 in Stroke, Double-Acting, Aluminum Hydraulic Cylinder</p>	 <p>CR400, High Flow Hydraulic Coupler, Female Half</p>	 <p>CH604, High Flow Hydraulic Coupler, Male Half</p>

SCMRSMPH, Compact Force Toolbox Set with Hand Pump

Toolbox set for mining maintenance jobs requiring hydraulic force to be applied in tight spaces. Includes three low-height hydraulic cylinders, a 2-speed hand pump and essential ancillaries.

Model: SCMRSMPH | Series: SCTB | Product Line: Industrial Tools

The Compact Force Toolbox Set with the lightweight P142 Hydraulic Hand Pump provides a simple two speed solution to help you remove stubborn wheels from axles while on the job site. Packed with premium Enerpac tools, this toolbox set includes three compact hydraulic cylinders giving you the versatility to handle different sized applications - ideal for fitting into tight spaces behind wheels. Essential ancillaries such as a pressure gauge, hoses, and couplers complete the set, equipping you for more streamlined tire changes.

Each SCMRSMPH set contains:

- P142 Two Speed Lightweight Hydraulic Hand Pump
- GA45GC Gauge & Adaptor Assembly with G2535L Pressure Gauge
- HA7206 High Pressure Hose 6 ft (AH604 Male Half Coupler + 3/8" NPT)
- HC7206C High Pressure Hose 6 ft (2x CH604 Male Half Coupler)
- RSM50 Low-Height Cylinder, 5 tons, 0.25 inch stroke, single-acting
- RSM100 Low-Height Cylinder, 10 tons, 0.44 inch stroke, single-acting
- RSM200 Low-Height Cylinder, 20 tons, 0.44 inch stroke, single-acting
- CH604 Male Half Coupler 3/8" NPT
- FZ1055 Street Tee
- Lockable Toolbox with custom protective foam insert

 <p>P142, Two Speed, Lightweight Hydraulic Hand Pump, 20 in3 Usable Oil</p>	 <p>GA45GC, 45 Degree Angled Gauge Adaptor Assembly</p>	 <p>HA7206, 6ft., Thermo-plastic High Pressure Hydraulic Hose, .25 in. Internal Diameter</p>
 <p>HC7206C, 6 ft., Thermo-plastic High Pressure Hydraulic Hose, .25 in. Internal Diameter</p>	 <p>RSM50, 4.9 ton Capacity, .25 in Stroke, Low Height Hydraulic Cylinder</p>	 <p>RSM100, 11.2 ton Capacity, .44 in Stroke, Low Height Hydraulic Cylinder</p>
 <p>RSM200, 22.1 ton Capacity, .50 in Stroke, Low Height Hydraulic Cylinder</p>	 <p>CH604, High Flow Hydraulic Coupler, Male Half</p>	 <p>FZ1055, High Pressure Fitting, Tee, 10,000 psi Maximum Operating Pressure, Connection from 3/8" NPTF Female to 3/8" NPTF Female</p>

SCMRSMP CW, Compact Force Cordless Wheeled Toolbox Set.

Wheeled toolbox set for mining maintenance jobs requiring hydraulic force to be applied in tight spaces. Includes three low-height hydraulic cylinders, the SC-Series Cordless Hydraulic Pump and essential ancillaries

Model: SCMRSMP CW | Series: SCTB | Product Line: Industrial Tools

The Compact Force Wheeled Toolbox Set with the SC-Series Cordless Hydraulic Pump provides a fast, lightweight and precise solution to help remove stubborn wheels from axles while on the job site. Packed with premium Enerpac tools, this toolbox set includes three compact hydraulic cylinders, giving you the versatility to handle different sized applications - ideal for fitting into tight spaces behind wheels. Essential ancillaries such as a pressure gauge, hose, and fittings complete the set, so you're fully equipped for more streamlined tire changes. Heavy-duty off-road wheels on the toolbox ensure you'll have access to the right gear - wherever the job takes you.

Each SCMRSMP CW set contains:

- SC1201MB Cordless Pump, 2x Batteries, and Charger*
- GA45GC Gauge & Adaptor Assembly with G2535L Pressure Gauge
- HA7206 High Pressure Hose 6 ft (AH604 Male Half Coupler + 3/8" NPT)
- HC7206C High Pressure Hose 6 ft (2x CH604 Male Half Coupler)
- RSM50 Low-Height Cylinder, 5 tons, 0.25 inch stroke, single-acting
- RSM100 Low-Height Cylinder, 10 tons, 0.44 inch stroke, single-acting
- RSM200 Low-Height Cylinder, 20 tons, 0.44 inch stroke, single-acting
- CH604 Male Half Coupler 3/8" NPT
- Wheeled Lockable Toolbox with custom protective foam insert

*Charger supplied with multiple power cords to enable use in multiple regions.

 <p>SC1201M, Cordless Hydraulic Pump, 3/2 Valve, 61 in3 Usable Oil, Batteries Not Included</p>	 <p>GA45GC, 45 Degree Angled Gauge Adaptor Assembly</p>	 <p>HA7206, 6ft., Thermo-plastic High Pressure Hydraulic Hose, .25 in. Internal Diameter</p>
 <p>HC7206C, 6 ft., Thermo-plastic High Pressure Hydraulic Hose, .25 in. Internal Diameter</p>	 <p>RSM50, 4.9 ton Capacity, .25 in Stroke, Low Height Hydraulic Cylinder</p>	 <p>RSM100, 11.2 ton Capacity, .44 in Stroke, Low Height Hydraulic Cylinder</p>
 <p>RSM200, 22.1 ton Capacity, .50 in Stroke, Low Height Hydraulic Cylinder</p>	 <p>CH604, High Flow Hydraulic Coupler, Male Half</p>	 <p>FZ1055, High Pressure Fitting, Adapter, 10,000 psi Maximum Operating Pressure, Connection from 3/8" NPTF Female to 1/4" NPTF Male</p>
